

RFID Solutions: Transportation and Logistics

Track essential assets with RFID solutions from Zebra

In transportation and logistics, the right information at the right time can be the difference between efficient deliveries and misplaced resources. With Zebra's RFID solutions, shipping and warehouse teams can ensure that items get to their destination on time, and supplies make it back where they belong—from the warehouse to the store and back again.

Transportation and Logistics

Deliver non-stop service from the first mile to the last.

- Employee safety
- Fleet management
- Inventory management
- Supply chain management
- Asset tracking
- Sorting/handling/service quality

- Terminal operations
- Port and yard management
- Below-the-wing services
- Cold Chain

Hardware

ZBR2100 and ZBR4100 Inlays

For standard environments or precision reading, these inlays offer market-leading performance on 4-inch wide labels.

FXR90 Ultra-Rugged Fixed Reader

Built for extreme conditions both indoors and outdoors, the FXR90 Ultra-Rugged Fixed RFID Reader delivers the performance, connectivity and easy deployment that your business requires.

FX9600 Fixed Reader

Automate nearly every aspect of your inventory management with industry-leading read rates, exceptional read accuracy and superior RF sensitivity.

ATR7000 Fixed Reader

Get accurate, real-time location data of all of your inventory, equipment, workers and more.

RFD90 Handheld Scanner

Track assets and inventory from anywhere with these adaptable scanners that are built to perform in demanding environments.

Dock Door RFID Portals*

These integrated portals can reduce the need for manual scanning at common chokepoints, and feature specialized antennas to tune out cross-talk.

*Not available in all regions

ZS300 Electronic Sensor

The ZS300 Sensor and ZB200 Bridge provide accurate temperature and location data continuously in real-time and enable the creation of reports to assist in maintaining quality and compliance requirements.

ZT600 Series Printer

Enjoy rugged durability and exceptional performance on a user-friendly, future-ready printer platform.

Software

IoT Connector

Easily route data and customize your Zebra fixed RFID readers with simple drag-and-drop programming options.

Note: Products and specifications subject to change without notice.

Zebra MotionWorks Enterprise™: RFID Reader Management

Control up to thousands of RFID readers and a range of Zebra passive RFID readers in a single platform, enterprise-wide and in multiple locations.
